2 MEN BADLY HURT

ACCIDENT ON WABASH TREESTLE
AT BURLINGTON JUNCTION.

BOTH FROM STANBERRY

W. H. Eckart, Trainmaster, and Wm. Kaiser, Bridgeman, Injured by
Dredge Boat.

W. H. Eckart, trainmaster of the Wabash, with headquarters at Stanberry, and William Kaiser, bridge man, who lives at Stanberry, were badly injured in an accident west of Burlington Junction at 12 o'clock Wednesday noon at the trestle being constructed over the Nodaway drainage ditch. Mr. Eckart had one of his legs mashed and broken, while Mr. Kaiser had one foot badly mashed. It is probable that amputation will be necessary in both cases.

The injured men were brought to Maryville, arriving here at 1:30 o'clock on a train made up of an engine and a caboose. They were taken to St. Francis hospital in ambulances and are being attended by Dr. G. A. Nash. At a late hour this afternoon Dr. Nash was still working with them, and was unable to tell the extent of their injuries.

Mr. Eckart and Mr. Kaiser were in charge of the new trestle being built for the Wabash over the drainage ditch. The dredge boat was up to the railroad track and part of the track was taken out to permit the boat to go on through.

Five or six men were sitting on the edge of the ditch being dug near the railroad track, and before they could get out of the way of the dredge boat the big dipper of the boat struck Mr. Eckart and Mr. Kaiser. Mr. Eckart getting his limb caught between two rails. The dipper mashed Mr. Kaiser's foot against the rails.

The injured men were carried to the workhouse at that place, and as Dr. Gaugh of the Junction was at the scene of the accident, he attended them until they left for Maryville.

The injuries are very painful but the men are not in a dangerous condition.

As part of the Wabash track is out, on account of allowing the dredge boat to dig the ditch over the Wabash right of way, train service over the road will be discontinued today until late tonight, when it is thought the trestle will be ready.

Will Attend Chicago University.

Prof. B. A. Stagner of Fresno, Cal., who spent Tuesday and Wednesday in Maryville with friends, went to Hale, Mo., Wednesday for a two days' visit with his parents. He will leave Sunday for Chicago to take a three months' course of study in the Chicago university. Prof. Stagner has charge of the chemistry department of the Fresno high school.

Mrs. Frank L. Robey and her mother, Mrs. Laura Wright, of Des Moines, Ia., left for their home Wednesday, after a week's visit in the city with Prof. Robey's parents, Mr. and Mrs. W. L. Robey. Prof. Robey will follow them Thursday. He will be superintendent of the schools at Storm Lake, Ia., the coming year and Mrs. Robey will teach the eighth grade.

Mrs. C. F. Jackson of Savannah and her sister, Mrs. G. A. Council of Barnard spent Wednesday afternoon in Maryville with Mrs. Jackson's daughter, Mrs. F. E. Whitchurch, and family.

Miss Edna VanBriggle has returned from her school work at Camden Point, Mo., and will spend the summer with her grandparents, Mr. and Mrs. L. F. VanBriggle.

Miss Olivette Godsey left Wednesday morning for a summer's visit with relatives in Oxford, Bloomington, York and Superior, Neb.

250,000 MORE VOTES.

Males of Voting Age Number Over
a Quarter of a Million More
Than Four Years Ago.

More than a quarter of a million more Missourians will have the age qualification to vote in November, 1912, than cast ballots for president in 1908, according to a statement issued by Director Durand of the bureau of census.

More than 80,000 additional residents of St. Louis will have the privilege of voting for the nominees of the various parties next November than could register their choice four years ago.

In Kansas City the increase is nearly 40,000, in St. Joseph more than 12,000, in Springfield more than 4,000 and in Joplin more than 4,000.

The statement issued by the director of the census states the potential voting strength of each state and city of over 25,000 population, as expressed by the number of its males 21 years old and over. All the foreign born who have not become naturalized are excluded, but this does not mean that all named are voters. Other qualifications may bar them, such as education, length of residence and other considerations of a like nature imposed by the state or national government.

Distinction is made in the statement between white males of native and foreign birth and for the native white with respect to parentage. Those having both parents native of the United States are classed as of native parentage; those having either both parents born abroad or one parent native and one parent born abroad are classed as of foreign or mixed parentage. Foreign born with males who have been naturalized are classified separately.

There are five principal cities in Missouri, St. Louis, Kansas City, St. Joseph, Springfield and Joplin, which together have 355,859 males of voting age out of a total for the state of 973,962.

TO TAKE UP DRAINAGE MATTER.

A Meeting to Be Held at Skidmore on
Tuesday, June 25, When Proposi-
tion Will Be Discussed.

A meeting has been called at Skidmore for Tuesday, June 25, when the matter of a drainage district organization will be taken up by the farmers along the proposed ditch. Many are in favor of the ditch, but there is some opposition to the plan.

He plan as made now is to run the drainage ditch from Quitman through the Skidmore neighborhood to Holt county. The dredge now working at Burlington Junction expects to finish the present contract at Quitman this fall, and if the Skidmore people decide to go ahead, the dredge boat will probably be secured. The farmers of that section will have to have a drainage ditch sooner or later.

Had Audience of Sixty-Two.

The story hour at the library, which began Tuesday morning, was well attended. Miss Albert had an audience of sixty-two little folks to hear the stories that were announced Monday, and there were two lady visitors. This promises to be an interesting department of the library's work in our city.

Arrived From Illinois.

Mrs. R. M. Terrell, who has been spending the past year in Peoria, Ill., with her son, Charles Terrell, and family, arrived in the city Wednesday morning for a week's visit with her daughter, Mrs. G. E. Fleming. Mrs. Terrell will go to Hopkins in a few days to make her home with her daughter, Mrs. F. B. Sheley.

At the Market at St. Joseph.

Among the Nodaway county farmers at the market in St. Joseph Tuesday were: G. T. Clardy of Elmo, a car each of cattle and hogs; T. D. Hurst of Dawsonville, two cars of cattle and hogs; P. R. Gowney of Conception, a car of hogs; Dan Stundon of Arkoe, a car of hogs.

Have Kansas City Guests.

Mr. and Mrs. E. C. Jacoby of Kansas City are the guests of Mr. and Mrs. H. M. Irwin. Mrs. Jacoby was formerly Miss Ollie Johnson of Kansas City, and she has frequently visited Mrs. Irwin in this city.

Visiting Her Grandparents.

Little Miss Ramona John of St. Joseph arrived Wednesday noon on a two weeks visit to her grandparents, Rev. and Mrs. C. H. John.

Bought Touring Car.

Warner & Whitehead, real estate men of Stanberry, purchased an E. M. F. touring car Wednesday of Mason & Wilderman.

Mrs. A. Griffith of Elmo was a Maryville visitor Tuesday.

DOUBT CITY'S RIGHT

ATTORNEY FOR WATER COMPANY
QUESTIONS LEGALITY OF ACTION

STILL HAVE FRANCHISE

Groundwork of Opposition to City's
Plans Disclosed at Conference—
City Still Digging Wells.

At a conference held Tuesday afternoon between the members of the board of public works and E. L. Street of Lawrence, Kan., engineer of the water company, and Attorney Harkless of Kansas City, representing the company, nothing was done other than the water company still contend that their plan is worth the price they now ask for it, \$54,425.

The purpose of the conference was to convince the members of the public works board that the plan is worth the money, and what added improvements should be made if the city buys the plant. The board is not willing to pay the price they ask for it, as, according to an appraisal of the plant by two expert engineers, the value of the plant was fixed at \$39,000. The board will not take any other steps in the matter at present, other than to await the outcome of the test wells near the Wabash track in East Maryville. If a good supply of well water could be had to furnish the city, then the company says that their plan is not worth the money they want for it, but in their opinion they will never be able to find a sufficient quantity to furnish the city.

Attorney Harkless raised two legal questions at the conference—the right of the city to either buy or build a plant, as the proposition was not voted on separately. He thinks that two elections should have been held to see whether the people were in favor of buying the plant or building a new one. He also thinks the water company has a continuing franchise here, even if the city should go ahead and put in a plant, the same company could furnish water. The company is after the city to buy the plant at their price, otherwise they seem determined to cause the city some trouble in any other plans they decide to take in the matter.

Engineer Street stated several things to convince the board that the plan was worth the money. On an investment of \$54,000 the city could make between \$4,000 and \$4,500 clear profit a year, and with this money they could make the needed improvements to the plant, he says. The reason the water company has never been able to make a profit is that there are \$120,000 worth of bonds out against it. Mr. Street figures that it will take about \$13,000 to make the extensions of the mains, and that it will take from \$13,000 to \$15,000 for the machinery needed, such as boilers, filters and a new standpipe. He believes that the improvements should be made from time to time and not until the revenue warrants it, which he says will do it.

OUT FOR THE SENATE.

Hon. Anderson Craig of Maryville a
Candidate for the Upper House
of the Legislature.

In today's issue of the Democrat-Forum appears the announcement of Anderson Craig of this city as a candidate for the nomination for state senator from this district, which is composed of Nodaway, Atchison, Gentry and Worth counties. The Democrats are fortunate in having a candidate so well qualified as Mr. Craig for the senate.

In the first place it must be admitted by all that the one great, over-shadowing industry of this senatorial district is farming, and what is more appropriate than that one whose entire life has been devoted to this industry should represent this district in the law-making body of the state senate. Mr. Craig is, and has always been, a farmer, and of recent years upon a large scale. He is of a prosperous, progressive type, always alert to such methods as work out to the greatest benefit of the farmer. He stands for keeping up and increasing the fertility of the soil whilst he is taking from it that toll it owes to the maintenance of the human race and reward it should give to its tiller and owner.

He believes in good roads and is always found in the lead of any movements to improve them, and what is even more important to the ordinary observer, is the fact that he does more than his part in dragging and such other labor as is necessary to keep up (Continued on Page 2)

26 ARE RE-ELECTED

DR. TAYLOR AND ENTIRE STAFF
OF TEACHERS RETAINED.

INCREASE IS GRATIFYING

Both Attendance and Financial Re-
port Pleading to Board—Dormi-
tory Matter to Legislature.

The Normal board of regents met at the Robidoux hotel in St. Joseph on Tuesday, it being their annual meeting. All of the faculty and administrative officers of the school were re-elected.

The board members present were: W. A. Blagg of Maryville, W. G. Hine of Savannah, O. P. Williams of Plattsburg, W. F. Rankin of Tarkio, State Superintendent of Schools W. P. Evans and J. B. O'Brien of St. Joseph. H. J. Hughes of Trenton was the only member absent.

As stated in Tuesday's paper, Dr. H. K. Taylor was re-elected as president of the Normal. The other teachers selected follows:

G. H. Colbert, dean and professor of mathematics.

Ira Richardson, head of department of education and director of training school.

E. L. Harrington, chemistry and physics.

V. I. Moore, Latin, French and athletics.

John E. Cameron, agriculture and biology.

H. P. Swinehart, English and German.

Hettie M. Anthony, home economics.

W. A. Rickenbrode, business department and registrar.

John A. Lesh, history and geography.

Katherine Helwig, assistant in mathematics and training teacher.

Harry A. Miller, reading and public speaking.

Harriet Day, art and art decoration.

Frank H. Shepherd, manual training.

P. O. Landon, music.

Mrs. A. R. Perrin, dean of women.

C. E. Wells, Librarian.

Mary M. Hughes, assistant in education.

Carrie Hopkins, training teacher.

Fannie Hope, training teacher.

Alice Martin, training teacher and supervisor kindergarten.

LaRue Kemp, music in training school.

L. M. Eck, secretary and instructor in stenography.

C. C. Smith and helpers, custodian of buildings.

R. H. Duncan, custodian of grounds.

George Hulet, engineer.

J. U. Croson and E. H. Eckelberry are serving as special teachers during the summer term.

The matter of boys' and girls' dormitories for the school will probably be put to the next legislature.

The progress made by the school during the past year is very good. The attendance has increased from 39 to 49 per cent, and the financial report is encouraging.

MAJOR TO SPEAK THURSDAY.

Candidate for Governor to Talk at
Hopkins in Afternoon and in
Maryville in the Evening.

Attorney General Elliott W. Major of Jefferson City will speak at Hopkins Thursday afternoon at 2:30 o'clock and at Maryville at the court house in the evening at 7:30 o'clock on the political issues of the day. Mr. Major is a candidate for the Democratic nomination for governor of Missouri, and is the first candidate for governor to visit this section of the state this year.

Left for Liberty.

Professor John Davis of Liberty, Mo., who, with his parents, Mr. and Mrs. Noah Davis, have been visiting with Mr. and Mrs. W. H. Davis and Mr. and Mrs. Robinson Craven, went to Liberty Wednesday morning, where he has charge of the department of physics in William Jewell college. Professor Davis has been away from William Jewell on leave of absence for two years, and has been taking special study in Chicago university, where he also had charge of several classes in addition to his own study. He will receive his degree of doctor of philosophy before long. Mr. and Mrs. Davis, who have been making their home with their son-in-law, Benoni Cox, northeast of Maryville, during their son's stay in Chicago, will join him in Liberty in a few days.

John Heekin left Wednesday morning on a business visit to Harrison county.

A CITY OF TENTS.

1912 Chautauqua Holds Promise of
More Campers Than Any That
Has Been Held.

The 1912 Chautauqua promises to have the largest White City of any of the assemblies in years past. A large number of Maryville people and visitors from all over this district have enjoyed the Chautauqua tent life since the assemblies have been held in the beautiful Normal park, or what is better known as Chautauqua park. The abundance of shade, the excellent location, and almost every facility which goes to make camp life desirable are found at the grove on the hill.

Last year, besides the large number of tents that were ordered in advance, Manager Landon secured an extra number, and then nearly fifty people had to be disappointed on account of the exhausting of the tent supply.

And since the Chautauqua of 1912 is to be known as the Nodaway County Chautauqua, and since a prominent man in every town of the county is a member of the board of directors, added interest in the assembly should bring enough campers to the White City to completely fill the ground space set aside for the campers. So the advice of Manager P. O. Landon is, order your tents early.

ATHLETICS TROUCE PIRATES

In Opening Game of Normal Base Ball
League—Simmons Gets a
Home Run.

The first game in the Normal base ball league was staged at the Normal athletic park Tuesday afternoon. The Athletics, captained by "Dough" Miller, and the Pirates, with Kirby Taylor at the helm, were the opposing forces. The Buccaneers were showed under by a 10 to 3 count. The feature of the game was the mighty swat of Pitcher Simmons of the Athletics. That Auburn haired individual leaned on one of Padgett's slants and the pill landed in the Wabash right of way, allowing "Connie Mack's" twirler to make the circuit of the sacks. Incidentally, Mr. Simmons tossed a right decent game, and Padgett wasn't far behind. Captain Taylor handled the big mitt like a veteran and caught several of the enemy at second.

The second game of the schedule will be played Wednesday afternoon between the Giants and the Rounders, and on Saturday the four teams will pull off a double-header.

TO TEACH IN ST. JOSEPH.

At School Board Meeting in That
City Two Maryville Teachers
Were Selected.

Miss Alma Hotchkiss and Miss Eva Montgomery were elected by the school board at St. Joseph as two of the teachers for the grade schools of that city. Both Miss Hotchkiss and Miss Montgomery taught there last year. Another teacher that was selected was Miss Grace McNulty, a daughter of Mr. and Mrs. J. A. McNulty, formerly of Maryville, but now of St. Joseph.

SELECTED AS PRINCIPAL.

J. P. Cummings, Who is Attending
Normal Here, to Head Par-
nell School.

At a meeting of the Parnell school board held recently, J. P. Cummings was selected as principal for the coming year. Mr. Cummings is now attending the summer term of the Normal school.

SPEAKER AT COMMERCE CLUB.

President Taylor of the Normal Main
Talker at Club's Dinner in
St. Joseph.

President H. K. Taylor of the Normal went to St. Joseph Wednesday morning and addressed the Commerce club of that city at its luncheon. Dr. Taylor spoke on "The Relation of St. Joseph to the Northwest Normal."

O. B. HUDSON IN CITY.

WON IN CALIFORNIA

TAFT CONTESTING DELEGATION
SEATED BY COMMITTEE.

FOUR FROM ARIZONA

President's List Growing Day by Day
—Missouri Cases Are to Be
Heard Thursday.

At the national committee session held today in Chicago, the fourth district in California contest was taken up and two delegates from that district given to Taft. After this, the Arizona contest case came up, and the committee voted to seat the four delegates at large from that state. This makes six more delegates for Taft, or he gained 107 from the national committee to Roosevelt's 1.

It was said at a late hour this afternoon that the Missouri contest will not come up before Thursday.

The California delegates were elected in a state-wide primary, Roosevelt carrying the state by a big majority over both Taft and La Follette, and the Roosevelt managers had declared that their contest in California was sure to be decided in their favor.

To Be Investigated.

Charles Turpen, city marshal of Clearmont, brought Newt Powell of that place to Maryville Wednesday, Mr. Powell being charged with a serious offense. The matter will be investigated by Prosecuting Attorney Wright and Mr. Powell will be held at the county jail.

Sold His Residence.

J. C. Gowney has sold his residence at 120 South Mulberry street to Mrs. B. C. Halley.

Mrs. Dan Holmes and baby daughter went to Creston Wednesday to visit her parents, Mr. and Mrs. M. C. Bean.

Mrs. Thomas Lyons of Conception returned home Wednesday from a visit in the city with friends.

Famous Clairvoyant and Astrologer Here

Bernay of St. Louis is for One Week
Only at 201 Fourth Street, Corner
of Buchanan.

Prof. Bernay is the Clairvoyant who located J. W. Graham of St. Joseph, a young man, who had been missing two years. Mrs. Graham, the mother, consulted Mr. Bernay, who while in a clairvoyant condition stated that the man was an enlisted sailor on the Battleship Kearsarge and that he would be found there. Telegraphic inquiry confirmed the prediction.

Mr. Julius Daniel of Joplin is now a wealthy mine owner, but 2 years ago was working in a mine at \$3.00 a day in that city. By mere accident he met Mr. Bernay, who pointed out an opportunity to him. Mr. Daniel acted upon the advice with the result that, as he writes in a letter of thanks to Mr. Bernay, "It started me on the road to success and in ten months was worth \$18,000.00 to me."

Miss F. D. of St. Joseph consulted with Bernay after circumstances had broken up a dear friendship between her and a prominent young professional man. In two weeks time through the clairvoyant's advice and help the trouble was settled and the friendship renewed with marriage as a near result.

John Emerson, a prosperous farmer living near Springfield, had buried his money in his backyard, having no faith in banks. He died on April 21, 1910, suddenly without having time to tell the family about this. When no money was found, a son consulted with Mr. Bernay and this resulted in the recovery of \$4,200.00 and valuable papers.

Without asking a single question of his caller, Bernay reveals every important event in his client's life even to the meaning of them in full, showing them how to attain the success they desire in business, investments, speculation, love, courtship, marriage, divorce, lost or absent friends, lawsuits, fortunes, money affairs, health, wills, deeds or anything they may be in doubt about and all be assured of the proper advice and help.

Mr. Bernay may be consulted daily (except Sunday) from 10 a. m. to 9 p. m. Consultations \$1.00 and \$2.00 Everything strictly confidential.

HON. ANDERSON CRAIG

OUT FOR THE SENATE.

(Continued from Page 1)

the condition of the roads. He believes that practice in good road making, as in all other right movements, is even more important than preaching.

Hand in hand with Mr. Craig's interest in farming is a most active interest in the cause of education, for Mr. Craig believes that co-equal with the duty of every man to provide for the physical maintenance of those dependent upon him is the duty of providing for their mental and moral development, so he has ever been found actively supporting all movements for better schools and school methods.

Of no less importance does he regard the moral standard of individuals and communities, and he has always been an active church worker and energetically associated with all movements looking to the advancement of moral conditions.

Fortunate, also, is the fact that

we have a line on Mr. Craig's ability and energy as a legislator, and we do not have to guess as to how he will serve us if nominated and elected, for he has served us as a member of the lower house of the legislature, and he is able to take care of himself and the cause he is supporting is perhaps most conclusively shown by his successful leadership in the house of our last legislature in the fight for the temperance bills of county unit option and city district option, in which he, with credit to himself and final success to the bills, so far as the house was concerned, measured ability in debate and strategy with such seasoned leaders as John D. Taylor, Frank Farris, Colonel Phelps, Hiram Lloyd and others. Not only is Mr. Craig willing and able to give effect-

ive support to those measures which he favors, but what is of equal importance his record shows that he is "always on the job" and to be depended upon to be in the right place at the right time. He believes that to be absent when measures are being disposed of is just as fatal to good legislation as to be in active opposition thereto.

Now, what more can the people of this senatorial district expect or desire in the make-up of their state senator than are combined in Mr. Craig? What better combination than natural inclination toward right with aggressive ability to discern and promote right supplemented with a natural sympathy with and interest in the welfare of the one great farming industry of the district born of being one of those engaged therein. And it is quite impossible to separate the interests of all lines of legitimate business found in this district from the agricultural interests.

Closed Up Business at Meeting.

The Ladies' Aid society of the M. E. church, South, held a short business session at the home of Mrs. Alva Maul Tuesday afternoon. The meeting was presided over by Mrs. H. K. Taylor, the vice president, in the absence of Mrs. W. J. Parvin. There was a large attendance of the membership. No new business was taken up and all old business matters on hand were settled and put out of the way. A splendid social time was spent and the hostess, assisted by her aunt, Mrs. Lydia Wilkerson, served delightful refreshments.

Bellows-Honnold Party.

Mrs. George P. Bellows and her mother, Mrs. M. J. Honnold, entertained seventy-five guests with a domino party Tuesday afternoon, and entertained the same number of guests Wednesday afternoon. A color scheme of white and lavender was carried out in every detail of the decorative idea and refreshment service. White carnations, white and lavender gladiolas, ferns and roses were the flowers. The hostesses were assisted by Mrs. C. D. Bellows and Mrs. H. L. Raines, who were assisted by Mrs. Maud McCuskey in the living room, Miss Della Grems in the library and Miss Nellie Douglas and Miss Mildred Bellows upstairs. Punch was poured by Mrs. C. C. Corwin, who was assisted by Miss Lorene Schumacher, Miss Rose Schumacher, Miss LaRue Kemp and Miss Clara Sturm.

Planned for Work at Dinner.

Mr. and Mrs. Anderson Craig entertained the teachers of the Baptist church Sunday school, of which Mr. Craig is superintendent, at 6 o'clock dinner Tuesday evening. Covers were laid for the twelve teachers of the school, who are Mr. Herman W. Hull, Mr. F. W. Olney, Professor E. L. Harrington, Mrs. Harry Miller, Mrs. M. H. Borrusch, Mrs. J. H. Anderson, Mrs. Gay Leeper, Miss Mary Ogden, Miss Myra Hull, Miss Ada Albert, Miss Katherine Helwig and the host. Mrs. Craig was assisted by Mrs. Amanda Lewis. The table was attractively decorated in cherries. The fruit and its foliage made a beautiful centerpiece, while miniature cherry trees were at the places, on which were tied the place cards with red ribbons. Each place card contained a question on

some phase of the work of the Sunday school that was the subject of an after-dinner speech for each one. The questions brought out so many good things that the general discussion that followed lasted until a late hour, and it was a most profitable dinner party.

Married by Rev. Fr. Niemann.

Miss Chloe Masters, daughter of Mrs. Samuel Masters, and Mr. John J. Wells, Jr., son of Mr. and Mrs. John J. Wells, Sr., of this city, were married in the parlors of St. Patrick's church parsonage Wednesday morning at 6 o'clock, by Rev. Fr. Niemann. Mr. Wells and his bride left in an automobile after the ceremony for Arkoe, where they took the Burlington train for St. Joseph. They are supposed to have gone to Omaha on their honeymoon. They succeeded in eluding a party of their friends who had gathered at the train to see them off properly. The time of their return to Maryville is not known. Mr. Wells is in the employ of the Curfman Bros., lumber dealers. They will make their home in this city.

Attending the bride and groom at their marriage were Miss Nelle Alkire and Mr. James Murphy.

House Party Guests at Trenton.

Miss Mary Ogden and Miss Nelle Conrad of this city will go to Trenton next Monday to be house party guests for the week of Miss Elizabeth Carnes, Miss Ina Austin, Miss Bliss Burkholder and Mrs. W. E. Pennell. The Trenton ladies spent a delightful week in Maryville last year as guests of Miss Ogden and Miss Conrad. Other guests who will attend the house party in Trenton next week are Miss Ruby Peery of Albany and Miss Retta Sanders of St. Joseph.

Gladys Trullinger Married.

Miss Gladys Trullinger, daughter of Mr. and Mrs. F. M. Trullinger of Carlington, N. D., was married at high

Finn's Glasses Make Weak Eyes Strong

Most Eye Aches are Caused By Malformed Eyes

These things do not appear on the surface, but can be found and corrected by Dr. Finn. These conditions give rise to nervousness, followed by headache, nausea and dizziness. Many cases of kindred diseases are cured by proper adjustment of perfectly ground glasses. All symptoms constitutional and otherwise are taken into consideration by Dr. Finn in complicated cases.

ARMY AVIATORS DASH TO DEATH

Professional Flier, With Passenger,
Had Started Altitude Test.

DROPPED ONLY THIRTY FEET

Were to Go Up 2,000 Feet in Ten
Minutes, Completing Last of Gov-
ernment Requirements
for Machine.

Washington, June 12.—Lieut. Leighton W. Hazlehurst, Jr., 26 years old,
a promising young army aviator, and
A. L. Welsh, a professional flier, were
killed at College Park, Md., at 6:30
p. m.

After several flights in a new bi-
plane Welsh announced at 6:15
o'clock that he intended going up for
2,000 feet in ten minutes, passing the
last of ten requirements asked of the
machine by the war department. With
Lieut. Hazlehurst as his passenger
Welsh climbed in and off the machine
shot. They climbed rapidly on the
first circle of the field, but when at
the north end, making a turn, and
only 30 feet high, the biplane pitched
forward and dashed to earth.

When the soldiers, with Surgeon
John Kelly, arrived, it was found that
both men were dead. Welsh's skull
was crushed and Lieut. Hazlehurst's
neck was broken.

Chance Saved Another.

A strange coincidence happened
just an hour before the accident oc-
curred. Lieut. Hazlehurst desired to
go into the city early and asked Capt.
Frederick F. Hennessy if he would
take his place with Welsh. Capt.
Hennessy agreed, but just as Welsh
had the biplane run out of its hangar
Lieut. Milling, who is instructing
Capt. Hennessy, called him to get in-
to another machine. Lieut. Hazle-
hurst crawled into the Wright ma-
chine only to meet death a few moments
later.

The last test to be made was with
450 pounds on board besides the gaso-
line, oil and water. The machine was
weighed down with 125 pounds of
gun shot. Mr. Welsh weighed
160 pounds and Hazlehurst weighed
182. The machine carried fuel enough
for a two-hour flight.

Third Air Death in Army.

The double death of Welsh and
Hazlehurst is the first severe acci-
dent that has happened at the army
aviation school. The death of Lieut.
Hazlehurst is the third that has ac-
curred among the aviators of the
United States army. Lieut. Selfridge,
who was killed at Fort Meyer, Va., in
September, 1908, was the first and
Lieut. John Kelly, killed at San An-
tonio, in March, 1911, was the second.

LONE BOY A MEXICAN REFUGEE

Fifteen-Year-Old Lad Worked His
Way Alone to Fort Worth, Tex.
—Will be Assisted.

Fort Worth, Tex., June 12.—When
Humane Officer Wheeler accosted a
15-year-old boy at the "Katy" rail-
road station here, he supposed he
had found a runaway. Instead he dis-
covered a brave little American refu-
gee from Mexico who had been work-
ing his way to relatives in Kansas
City. The boy is Robert Borron. Two
months ago he left his home in Mex-
ico, devastated by the rebels, to seek
some means of bringing his mother
and brothers out of the war-ridden
country.

Robert has earned his way from
Montemorelos, State of Nuevo Leon,
up through Texas, by way of Brown-
sville and Houston. His story is cor-
roborated by letters in his possession
from his mother.

The humane society here sent word
to the lad's mother of his safe arrival
here and will assist him to reach
Kansas City.

rain has fallen at Dresden and a driz-
zling rain was falling throughout the
northwest part of the state. More
than three inches of rain has fallen
in northwest Kansas since Friday.

VOLCANO DESTROYED CROPS

ASHES KILLED FISH AND POL-
LUTED WATER.

Pestilence Threatens Survivors of
Disaster—Details Not Available
—500 Are Saved.

Seattle, Wash., June 12.—The arri-
val of the tug Printer at Seward,
Alaska, with dispatches from Kodiak,
gave the first authentic details of
the condition of Kodiak and the ad-
joining islands which were buried un-
der more than a foot of ashes from
Katamai volcano.

A message from Capt. Perry of the
revenue cutter Manning, which ar-
rived at Kodiak and the nearby villages of
St. Paul and St. Meridan expressed
fear for the safety of those in set-
tlements near the volcano.

The people on the island who sur-
vived the hail of hot ashes and stones
are confronted with the serious prob-
lem of obtaining water and food. All
the crops were destroyed and the fish
upon which many depended for food
were killed, resulting in the pollu-
tion of the water supply to such an
extent that there is great danger of
pestilence.

Steamers and tugs of every sort
are hurrying to the island from the
towns on the mainland to give relief.

The destruction of the wireless sta-
tion at Kodiak and the inability of
the Manning's wireless to commu-
nicate with the naval station at Cordova
makes it difficult to get news to Se-
ward, the nearest cable office, and it
probably will be many days before
details of the disaster are available.

Seattle, Wash., June 12.—The ashes
that are still falling in Fairbanks,
Alaska, and Dawson, Yukon territory,
in the Yukon valley, far from the
coast, are believed to have come from
a new volcano center in the Alaska
range.

Persons arriving at Fairbanks from
the Mount Hayes country, and who
had not been informed of the out-
break in the Aleutian range, reported
cannoning as of a volcano in the
vicinity of Mount Hayes. These
sounds could not have been blown
from the coast.

HAVANA FEARS INTERVENTION

To Avoid Possible Disorder, American
Sailors Were Refused Shore
Leave in Cuba.

Havana, June 12.—Fearing that dis-
order might follow the appearance of
American bluejackets in the streets of
Havana, Rear Admiral Osterhaus in-
structed officers of the Washington
and Rhode Island not to grant shore
leave to the crews.

The city is tranquil, but there is
no enthusiasm over the advent of the
American soldiers, the Cubans feel-
ing generally that their coming is a
forerunner of intervention, despite
the attitude taken by Washington.

English Cabinet Discusses Strike.

London, June 12.—The government
was called upon again to consider the
labor unrest in the United Kingdom.
The cabinet was convened to discuss
the maritime situation resulting from
the strike of the transport workers.
There are about 200,000 members of
this union, and about 60,000 members
of the Firemen's and Seamen's union
out of work.

Italy to Occupy Leames.

Rome, June 12.—The Italian war
fleet in the Aegean sea is getting
ready to occupy Leames, one of the
biggest and most important islands in
the archipelago, according to dis-
patches received from the Italian
commander. The Turkish garrison
capitulated upon the arrival of the
Italian fleet.

PUTS AN END TO COMMERCE COURT

Senate Votes to Abolish "Tribunal of
Big Business."

ARCHBALD CASE CAUSED ACTION

Only Signature of President Taft
Now Necessary to Close Business
of New Tribunal Organized
But Two Years Ago.

Washington, June 12.—Only the sig-
nature of President Taft now is re-
quired to abolish the commerce court.
The legislating out of existence of
that tribunal, created only two years
ago and which the supreme court of
the United States recently declared
had exceeded its powers, was de-
termined upon when the senate, by a
vote of 36 to 23, defeated an amend-
ment to make provision for maintain-
ing the court.

By this vote the senate reversed
its appropriation committee, which
had recommended the adoption of the
amendment. This put both houses of
congress in accord on the matter of
abolishing the court. There is a possi-
bility, it was asserted in official cir-
cles, that President Taft would veto
the bill.

Archbald Case the Cause.

The house investigation of Judge
Robert W. Archbald, which may re-
sult in impeachment proceedings,
probably was the deciding blow at
the commerce court. It is alleged that
the commerce justice is interested
in the ownership of coal refuse as a
silent partner and used the fact that
railroad cases involving the selling
company were to come before his
court.

Senator Ashurst of Arizona has de-
clared that the case provides justi-
fication of the recall of judges.

So many of the decisions of the
commerce court have reversed the
rulings of the interstate commerce
commission that it has been called
"the tribunal of big business."

Judges May be Dropped.

Of the vote cast in opposition to
the court, 26 were by Democrats and
the remaining ten by Republicans.

Senator Thornton of Louisiana was
the only Democrat who voted for con-
tinuance of the court.

The court is composed of five
judges who would be dispersed and
take up their duties as members of
the circuit courts of appeal, if they
are not dropped out of office alto-
gether as proposed by some senators.
The court's elaborate quarters here
were furnished at considerable ex-
pense. The cases heretofore passed
upon by the commerce court, which
involved only railroad litigation on
appeal from decisions of the inter-
state commerce commission, again
would be handled by the United
States district courts.

MEET TO DISCUSS SOCIOLOGY

Thirty-Ninth Annual Conference of
Charities and Correction
Opens at Cleveland.

Cleveland, O., June 12.—Matters of
national sociological importance are
being discussed at the thirty-ninth an-
nual conference of Charities and Cor-
rection, which met in this city today.
Among these are sex hygiene, chil-
dren, families and neighborhoods,
courts and prisons, public administra-
tion and supervision, immigration,
standards of living and labor, and the
relation of medical and social work.

Each of these subjects has been in-
vestigated by conference committees
and reports, which will be extensively
discussed, have been prepared for pre-
sentation before delegates. The re-
port on immigration was made today.
That on standards of living and labor
is scheduled for tomorrow; public
supervision and administration and
housing and recreation, June 14, and
on courts and prisons June 15. Sun-
day will be given over to religious ex-
ercises in the morning and a discus-
sion of the committee report on chil-
dren in the afternoon. On Monday
the conference delegates will discuss
the committee report on the relations
of medical and social work; on Tues-
day, June 18, families and neighbor-
hoods, and on Wednesday, June 19,
sex hygiene.

DEMOCRATS EXPECT NO TROUBLE

Leaders Say Few Contests to be De-
cided Will be Settled in Few
Hours Without Friction.

Baltimore, June 12.—The contests
to be decided by the Democratic na-
tional committee the day before the
Baltimore convention are expected to
be settled within a few hours, al-
though the committee has not de-
termined how much time it will allow
each side for the submission of cases.
Josephus Daniels, national com-
mitteeman from North Carolina, said the
few points controverted would cause
no friction in their disposition.

Condemned Man Tried Murder.

Washington, Pa., June 12.—With
only a few hours to live, Jan Ribarik,
condemned to die on the gallows, at-
tempted to add another to the list of
his victims, by trying to strangle his
daughter when she appeared at his
cell to bid him good-by.

Colorado is a Wonderful Place for Children

I don't know any other place where children are so benefited from a few weeks of outdoor life, as they are in Colorado. The summer life out there is about as ideal as can be imagined, and you can live there nowadays so comfortably, and at such moderate cost. There are scores of nice, clean, wholesome boarding houses and ranch houses in Colorado where the rates are from \$10 to \$15 a week, and where you can live well and comfortably. Then, of course, there are elaborate, modern hotels for those who require more.

If you know of anyone who is going to Colorado, ask them to come in and get a copy of our folder, telling all about where to go, what to see, etc. It is easy to go to Colorado—only one night on the road—and the trains are so comfortable and modern that the trip out and back is really a great part of the pleasure of it all.

YOUR GRAY HAIRS QUICKLY VANISH

Harmless Remedy, Made from Garden Sage, Restores Color to Gray Hair.

A feeling of sadness accompanies the discovery of the first gray hairs which unfortunately are looked upon as heralds of advancing age. Gray hair, however, handsome it may be, makes a person look old. We all know the advantages of being young. Aside from the good impression a youthful appearance makes on others, simply knowing that you are "looking fit" gives one courage to undertake and accomplish things. So why suffer the handicap of looking old on account of gray hairs, when a simple remedy will give your hair youthful color and beauty in a few days' time? Most people know that common garden sage acts as a color restorer and scalp tonic as well. Our grandmothers used a "Sage Tea" for keeping their hair dark, soft and luxuriant. In Wyeth's Sage and Sulphur Hair Remedy we have an ideal preparation of Sage, combined with Sulphur and other valuable remedies for dandruff, itching scalp and thin, weak hair that is split at the ends or constantly coming out. A few applications of this valuable remedy will bring back the color, and in a short time it will remove every trace of dandruff and greatly improve the growth and appearance of the hair.

Get a fifty cent bottle from your druggist today, and notice the difference in your hair after a few days' treatment. All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented. Special Agent, Koch Pharmacy.

ANSWER IT HONESTLY.

Are the Statements of Maryville Citizens Not More Reliable Than Those of Utter Strangers?

This is a vital question. It is fraught with interest to Maryville.

It permits of only one answer. It cannot be evaded or ignored. A Maryville citizen speaks here; Speaks for the welfare of Maryville. A citizen's statement is reliable. An utter stranger's doubtful. Home proof is the best proof.

T. A. Murray, 797 East Fourth street, Maryville, Mo., says: "Doan's Kidney Pills cured me of kidney complaint and there has been no recurrence of the trouble. I continue to endorse this remedy. My back and kidneys bothered me a long while, and finally I got a box of Doan's Kidney Pills from Love's drug store (now Love & Gaugh's drug store). They gave me great relief and I know they can be relied upon."

STORY OF STATE'S WITNESS CHANGED

Sensation in Darrow Trial Furnished by Hotel Clerk.

DARROW TRIED TO SUPPRESS HIM

Later Contradicts His Own Story—Said He Had Never Been Subpoenaed by Prosecutor.

Los Angeles, June 12.—The usual daily sensation of the Darrow trial was furnished by F. D. Diekelman, now a San Francisco hotel clerk, and a former prospective witness at the McNamara trial, who was alleged to have been spirited away by agents of the McNamara defense while awaiting that trial.

Diekelman's story on direct examination tended to show that Mr. Darrow had been the directing hand in what seemed to have been flagrant corruption of an important witness for the McNamara prosecution.

On cross-examination the most important fact brought out was that the witness had not been subpoenaed by the prosecution when taken in charge by the defense; that he was out of the jurisdiction of the California courts at the time, and that in his affidavit to District Attorney Fredricks, prior to leaving Los Angeles, Diekelman had not positively identified James B. McNamara as the J. B. Brice who had registered in the Los Angeles hotel in which the witness was employed.

Diekelman also said on cross-examination that the money given him by Bert Hammerstrom was to be used if he desired to return to Los Angeles from Chicago, whence Hammerstrom had persuaded him to go from Albuquerque, N. M., and that in all he had received \$109 for his car fare and \$20 to pay his expenses for a week in Chicago.

Had Not Been Hidden.

The defense also drew from him the statement that he had not been concealed by McNamara agents in Chicago. He said he had been taken openly by Hammerstrom to the office of former Mayor Edward F. Dunne, who, he said, assured him that Hammerstrom was a brother-in-law of Clarence S. Darrow. After his first meeting with Edward N. Nockels, the Chicago labor leader, whom he was told by Hammerstrom would "take charge" of him while in that city, the witness said that he did not hold any other conversation with Nockels.

The injection of Nockels' name in the case attracted considerable attention, owing to the fact that he had visited Los Angeles shortly before the McNamara brothers, confessed, as the supposed personal representative of Samuel Gompers, president of the American Federation of Labor.

NATURAL GAS IS UNRELIABLE

St. Joseph Utilities Commission Considers Barring Deceptive Fuel From City.

St. Joseph, Mo., June 12.—It was announced at the meeting of the public utilities commission that it would take up the local gas situation next Saturday and that possibly an order would be made barring natural gas out of St. Joseph.

"It isn't right to have the people keep on depending on natural gas for fuel and light when it gives out every time the weather turns cool," said a member of the commission.

K. M. Mitchell, general manager of the St. Joseph Gas company, has been cited to appear before the board at the meeting Saturday.

Mr. and Mrs. R. G. Sanders and daughter went to St. Joseph Tuesday evening and visited until Wednesday noon with Mr. Sanders' parents, Mr. and Mrs. W. J. Sanders.

Misses Bessie and Daisy Allen returned Wednesday noon from a visit since Friday with the family of their uncle, Dr. G. C. Trusty, at Burlington Junction.

C. B. Hugley of Columbia, formerly connected with the Normal school was in Maryville Wednesday on business.

Mrs. G. W. Hobbs, Miss Ethel Archer and Miss Annie Wirth of Clyde were shopping in Maryville Tuesday.

Miss Mabel Simmons of Grant City, who has been attending the State Normal, went to her home Tuesday.

Miss Lillie Sabens of Jameson, Mo., who has been visiting State Normal friends, returned home Wednesday.

Mrs. G. L. Purcell of Conception is visiting her parents, Mr. and Mrs. G. W. Swinford, of this city Tuesday.

Mrs. Margaret Houston of Pickering spent Wednesday in the city with her niece, Mrs. Albert Gordon.

A marriage license was issued Tuesday evening to John J. Wells and Miss Chloe Masters of Maryville.

DRAGGING THE RIVER FOR BODY

A dispatch from Villisca, Ia., at press time this afternoon states that no arrests had as yet been made in the Moore murder case, and that a posse was dragging the river in hope of finding the body of the murderer, who probably committed suicide after committing the awful crime. The bloodhounds had traced the scent down to the Nodaway river several times but had been unable to go on.

The funeral services of the eight people murdered were held Wednesday at Villisca in a park. It is estimated that a crowd of 10,000 people were present. Every minister of the city took part in the services.

2 MEN BADLY HURT

ACCIDENT ON WABASH TRESTLE
AT BURLINGTON JUNCTION.

BOTH FROM STANBERRY

W. H. Eckart, Trainmaster, and Wm. Kaiser, Bridgeman, Injured by Dredge Boat.

W. H. Eckart, trainmaster of the Wabash, with headquarters at Stanberry, and William Kaiser, bridge man, who lives at Stanberry, were badly injured in an accident west of Burlington Junction at 12 o'clock Wednesday noon at the trestle being constructed over the Nodaway drainage ditch. Mr. Eckart had one of his legs mashed and broken, while Mr. Kaiser had one foot badly mashed. It is probable that amputation will be necessary in both cases.

The injured men were brought to Maryville, arriving here at 1:30 o'clock on a train made up of an engine and a caboose. They were taken to St. Francis hospital in ambulances and are being attended by Dr. G. A. Nash. At a late hour this afternoon Dr. Nash was still working with them, and was unable to tell the extent of their injuries.

Mr. Eckart and Mr. Kaiser were in charge of the new trestle being built for the Wabash over the drainage ditch. The dredge boat was up to the railroad track and part of the track was taken out to permit the boat to go on through.

Five or six men were sitting on the edge of the ditch being dug near the railroad track, and before they could get out of the way of the dredge boat the big dipper of the boat struck Mr. Eckart and Mr. Kaiser. Mr. Eckart getting his limb caught between two rails. The dipper mashed Mr. Kaiser's foot against the rails.

The injured men were carried to the workhouse at that place, and as Dr. Gough of the Junction was at the scene of the accident, he attended them until they left for Maryville.

The injuries are very painful but the men are not in a dangerous condition.

As part of the Wabash track is out, on account of allowing the dredge boat to dig the ditch over the Wabash right of way, train service over the road will be discontinued today until late tonight, when it is thought the trestle will be ready.

Will Attend Chicago University.

Prof. B. A. Stagner of Fresno, Cal., who spent Tuesday and Wednesday in Maryville with friends, went to Hale, Mo., Wednesday for a two days' visit with his parents. He will leave Sunday for Chicago to take a three months' course of study in the Chicago university. Prof. Stagner has charge of the chemistry department of the Fresno high school.

Mrs. Frank L. Robey and her mother, Mrs. Laura Wright, of Des Moines, Ia., left for their home Wednesday, after a week's visit in the city with Prof. Robey's parents, Mr. and Mrs. W. L. Robey. Prof. Robey will follow them Thursday. He will be superintendent of the schools at Storm Lake, Ia., the coming year and Mrs. Robey will teach the eighth grade.

Mrs. C. F. Jackson of Savannah and her sister, Mrs. G. A. Council of Barnard spent Wednesday afternoon in Maryville with Mrs. Jackson's daughter, Mrs. F. E. Whitechurch, and family.

Miss Edna VanBriggle has returned from her school work at Camden Point, Mo., and will spend the summer with her grandparents, Mr. and Mrs. L. F. VanBriggle.

Miss Olivette Godsey left Wednesday morning for a summer's visit with relatives in Oxford, Bloomington, York and Superior, Neb.

250,000 MORE VOTES.

Males of Voting Age Number Over a Quarter of a Million More Than Four Years Ago.

More than a quarter of a million more Missourians will have the age qualification to vote in November, 1912, than cast ballots for president in 1908, according to a statement issued by Director Durand of the bureau of census.

More than 80,000 additional residents of St. Louis will have the privilege of voting for the nominees of the various parties next November than could register their choice four years ago.

In Kansas City the increase is nearly 40,000, in St. Joseph more than 12,000, in Springfield more than 4,000 and in Joplin more than 4,000.

The statement issued by the director of the census states the potential voting strength of each state and city of over 25,000 population, as expressed by the number of its males 21 years old and over. All the foreign born who have not become naturalized are excluded, but this does not mean that all named are voters. Other qualifications may bar them, such as education, length of residence and other considerations of a like nature imposed by the state or national government.

Distinction is made in the statement between white males of native and foreign birth and for the native white with respect to parentage. Those having both parents native of the United States are classed as of native parentage; those having either both parents born abroad or one parent native and one parent born abroad are classed as of foreign or mixed parentage. Foreign born with males who have been naturalized are classified separately.

There are five principal cities in Missouri, St. Louis, Kansas City, St. Joseph, Springfield and Joplin, which together have 355,859 males of voting age out of a total for the state of 973,962.

TO TAKE UP DRAINAGE MATTER.

A Meeting to Be Held at Skidmore on Tuesday, June 25, When Proposition Will Be Discussed.

A meeting has been called at Skidmore for Tuesday, June 25, when the matter of a drainage district organization will be taken up by the farmers along the proposed ditch. Many are in favor of the ditch, but there is some opposition to the plan.

"He plan as made now is to run the drainage ditch from Quitman through the Skidmore neighborhood to Holt county. The dredge now working at Burlington Junction expects to finish the present contract at Quitman this fall, and if the Skidmore people decide to go ahead, the dredge boat will probably be secured. The farmers of that section will have to have a drainage ditch sooner or later.

Had Audience of Sixty-Two.

The story hour at the library, which began Tuesday morning, was well attended. Miss Albert had an audience of sixty-two little folks to hear the stories that were announced Monday, and there were two lady visitors. This promises to be an interesting department of the library's work in our city.

DOUBT CITY'S RIGHT

ATTORNEY FOR WATER COMPANY
QUESTIONS LEGALITY OF ACTION

STILL HAVE FRANCHISE

Groundwork of Opposition to City's Plans Disclosed at Conference—City Still Digging Wells.

At a conference held Tuesday afternoon between the members of the board of public works and E. L. Street of Lawrence, Kan., engineer of the water company, and Attorney Harkless of Kansas City, representing the company, nothing was done other than the water company still contend that their plan is worth the price they now ask for it, \$54,425.

The purpose of the conference was to convince the members of the public works board that the plan is worth the money, and what added improvements should be made if the city buys the plant. The board is not willing to pay the price they ask for it, as, according to an appraisal of the plant by two expert engineers, the value of the plant was fixed at \$39,000. The board will not take any other steps in the matter at present, other than to await the outcome of the test wells near the Wabash track in East Maryville. If a good supply of well water could be had to furnish the city, then the company says that their plan is not worth the money they want for it, but in their opinion they will never be able to find a sufficient quantity to furnish the city.

Attorney Harkless raised two legal questions at the conference—the right of the city to either buy or build a plant, as the proposition was not voted on separately. He thinks that two elections should have been held to see whether the people were in favor of buying the plant or building a new one. He also thinks the water company has a continuing franchise here, even if the city should go ahead and put in a plant, the same company could furnish water. The company is after the city to buy the plant at their price, otherwise they seem determined to cause the city some trouble in any other plans they decide to take in the matter.

Engineer Street stated several things to convince the board that the plan was worth the money. On an investment of \$54,000 the city could make between \$4,000 and \$4,500 clear profit a year, and with this money they could make the needed improvements to the plant, he says. The reason the water company has never been able to make a profit is that there are \$120,000 worth of bonds out against it. Mr. Street figures that it will take about \$13,000 to make the extensions of the mains, and that it will take from \$13,000 to \$15,000 for the machinery needed, such as boilers, filters and a new standpipe. He believes that the improvements should be made from time to time and not until the revenue warrants it, which he says will do it.

OUT FOR THE SENATE.

Hon. Anderson Craig of Maryville a Candidate for the Upper House of the Legislature.

In today's issue of The Democrat-Forum appears the announcement of Anderson Craig of this city as a candidate for the nomination for state senator from this district, which is composed of Nodaway, Atchison, Gentry and Worth counties. The Democrats are fortunate in having a candidate so well qualified as Mr. Craig for the senate.

In the first place it must be admitted by all that the one great, over-shadowing industry of this senatorial district is farming, and what is more appropriate than that one whose entire life has been devoted to this industry should represent this district in the law-making body of the state senate. Mr. Craig is, and has always been, a farmer, and of recent years upon a large scale. He is of a prosperous, progressive type, always alert to such methods as work out to the greatest benefit of the farmer. He stands for keeping up and increasing the fertility of the soil whilst he is taking from it that toll it owes to the maintenance of the human race and reward it should give to its tiller and owner.

He believes in good roads and is always found in the lead of any movements to improve them, and what is even more important to the ordinary observer, is the fact that he does more than his part in dragging and such other labor as is necessary to keep up (Continued on Page 2)

LaRue Kemp, music in training school.

L. M. Eek, secretary and instructor in stenography.

C. C. Smith and helpers, custodian of buildings.

R. H. Duncan, custodian of grounds.

George Hulet, engineer.

J. U. Croson and E. H. Eckelberry are serving as special teachers during the summer term.

The matter of boys' and girls' dormitories for the school will probably be put to the next legislature.

The progress made by the school during the past year is very good. The attendance has increased from 39 to 40 per cent, and the financial report is encouraging.

MAJOR TO SPEAK THURSDAY.

Candidate for Governor to Talk at Hopkins in Afternoon and in Maryville in the Evening.

Attorney General Elliott W. Major of Jefferson City will speak at Hopkins Thursday afternoon at 2:30 o'clock and at Maryville at the court house in the evening at 7:30 o'clock on the political issues of the day. Mr. Major is a candidate for the Democratic nomination for governor of Missouri, and is the first candidate for governor to visit this section of the state this year.

Left for Liberty.

Professor John Davis of Liberty, Mo., who, with his parents, Mr. and Mrs. Noah Davis, have been visiting with Mr. and Mrs. W. H. Davis and Mr. and Mrs. Robinson Craven, went to Liberty Wednesday morning, where he has charge of the department of physics in William Jewell college. Professor Davis has been away from William Jewell on leave of absence for two years, and has been taking special study in Chicago university, where he also had charge of several classes in addition to his own study. He will receive his degree of doctor of philosophy before long. Mr. and Mrs. Davis, who have been making their home with their son-in-law, Benoni Cox, northeast of Maryville, during their son's stay in Chicago, will join him in Liberty in a few days.

John Heekin left Wednesday morning on a business visit to Harrison county.

A CITY OF TESTS.

1912 Chautauqua Holds Promise of More Campers Than Any That Has Been Held.

The 1912 Chautauqua promises to have the largest White City of any of the assemblies in years past. A large number of Maryville people and visitors from all over this district have enjoyed the Chautauqua tent life since the assemblies have been held in the beautiful Normal park, or what is better known as Chautauqua park. The abundance of shade, the excellent location, and almost every facility which goes to make camp life desirable are found at the grove on the hill.

Last year, besides the large number of tents that were ordered in advance, Manager Lando, secured an extra number, and then nearly fifty people had to be disappointed on account of the exhausting of the tent supply.

And since the Chautauqua of 1912 is to be known as the Nodaway County Chautauqua, and since a prominent man in every town of the county is a member of the board of directors, added interest in the assembly should bring enough campers to the White City to completely fill the ground space set aside for the campers. So the advice of Manager P. O. Landon is, order your tents early.

ATHLETICS TROUCE PIRATES

In Opening Game of Normal Base Ball League—Simmons Gets a Home Run.

The first game in the Normal base ball league was staged at the Normal athletic park Tuesday afternoon. The Athletics, captained by "Dough" Miller, and the Pirates, with Kirby Taylor at the helm, were the opposing forces. The Buccaneers were snowed under by a 16 to 3 count. The feature of the game was the mighty swat of Pitcher Simmons of the Athletics. That auburn haired individual leaned on one of Padgett's slants and the pill landed in the Wabash right of way, allowing "Connie Mack's" twirler to make the circuit of the sacks. Incidentally, Mr. Simmons tossed a right decent game, and Padgett wasn't far behind. Captain Taylor handled the big mitt like a veteran and caught several of the enemy at second.

The second game of the schedule will be played Wednesday afternoon between the Giants and the Rounders, and on Saturday the four teams will pull off a double-header.

TO TEACH IN ST. JOSEPH.

At School Board Meeting in That City Two Maryville Teachers Were Selected.

Miss Alma Hotchkiss and Miss Eva Montgomery were elected by the school board at St. Joseph as two of the teachers for the grade schools of that city. Both Miss Hotchkiss and Miss Montgomery taught there last year. Another teacher that was selected was Miss Grace McNulty, a daughter of Mr. and Mrs. J. A. McNulty, formerly of Maryville, but now of St. Joseph.

SELECTED AS PRINCIPAL.

J. P. Cummings, Who is Attending Normal Here, to Head Parnell School.

At a meeting of the Parnell school board held recently, J. P. Cummings was selected as principal for the coming year. Mr. Cummings is now attending the summer term of the Normal school.

SPEAKER AT COMMERCE CLUB.

President Taylor of the Normal Main Talker at Club's Dinner in St. Joseph.

President H. K. Taylor of the Normal went to St. Joseph Wednesday morning and addressed the Commerce club of that city at its luncheon. Dr. Taylor spoke on "The Relation of St. Joseph to the Northwest Normal."

O. B. HUDSON IN CITY.

Is a Candidate for State Senator From This Senatorial District.

O. B. Hudson of Grant City was in Maryville Wednesday in the interest of his candidacy for the Democratic nomination for state senator. He intends to make quite a canvass of the district for the nomination.

TAFT CONTESTING DELEGATION
SEATED BY COMMITTEE.

FOUR FROM ARIZONA

President's List Growing Day by Day—Missouri Cases Are to Be Heard Thursday.

At the national committee session held today in Chicago, the fourth district in California contest was taken up and two delegates from that district given to Taft. After this, the Arizona contest case came up, and the committee voted to seat the four delegates at large from that state. This makes six more delegates for Taft, or he gained 107 from the national committee to Roosevelt's 1.

It was said at a late hour this afternoon that the Missouri contest will not come up before Thursday.

The California delegates were elected in a state-wide primary, Roosevelt carrying the state by a big majority over both Taft and LaFollette, and the Roosevelt managers had declared that their contest in California was sure to be decided in their favor.

To Be Investigated.

Charles Turpen, city marshal of Clearmont, brought Newt Powell of that place to Maryville Wednesday, Mr. Powell being charged with a serious offense. The matter will be investigated by Prosecuting Attorney Wright and Mr. Powell will be held at the county jail.

Famous Clairvoyant and Astrologer Here

Bernay of St. Louis is for One Week Only at 201 Fourth Street, Corner of Buchanan.

Prof. Bernay is the Clairvoyant who located J. W. Graham of St. Joseph, a young man, who had been missing two years. Mrs. Graham, the mother, consulted Mr. Bernay, who while in a clairvoyant condition stated that the man was an enlisted sailor on the Battleship Kearsarge and that he would be found there. Telegraphic inquiry confirmed the prediction.

Mr. Julius Daniel of Joplin is now a wealthy mine owner, but 2 years ago was working in a mine at \$3.00 a day in that city. By mere accident he met Mr. Bernay, who pointed out an opportunity to him. Mr. Daniel acted upon the advice with the result that, as he writes in a letter of thanks to Mr. Bernay, "It started me on the road to success and in ten months was worth \$18,000.00 to me."

Miss F. D. of St. Joseph consulted with Bernay after circumstances had broken up a dear friendship between her and a prominent young professional man. In two weeks time through the clairvoyant's advice and help the trouble was settled and the friendship renewed with marriage as a near result.

John Emerson, a prosperous farmer living near Springfield, had buried his money in his backyard, having no faith in banks. He died on April 21, 1910, suddenly without having time to tell the family about this. When no money was found, a son consulted with Mr. Bernay and this resulted in the recovery of \$4,200.00 and valuable papers.

Without asking a single question of his caller, Bernay reveals every important event in his client's life even to the meaning of them in full, showing them how to attain the success they desire in business, investments, speculation, love, courtship, marriage, divorce, lost or absent friends, lawsuits, fortunes, money affairs, health, wills, deeds or anything they may be in doubt about and all be assured of the proper advice and help.

Mr. Bernay may be consulted daily (except Sunday) from 10 a. m. to 9 p. m. Consultations \$1.00 and \$2.00 Everything strictly confidential.

HON. ANDERSON CRAIG

OUT FOR THE SENATE.

(Continued from Page 1)

the condition of the roads. He believes
that practice in good road making, as
in all other right movements, is even
more important than preaching.

Hand in hand with Mr. Craig's in-
terest in farming is a most active in-
terest in the cause of education, for
Mr. Craig believes that co-equal with
the duty of every man to provide for
the physical maintenance of those de-
pendent upon him is the duty of pro-
viding for their mental and moral de-
velopment, so he has ever been found
actively supporting all movements for
better schools and school methods.

Of no less importance does he re-
gard the moral standard of individ-
uals and communities, and he has al-
ways been an active church worker
and energetically associated with all
movements looking to the advance-
ment of moral conditions.

Fortunate, also, is the fact that

we have a line on Mr. Craig's ability
and energy as a legislator, and we do
not have to guess as to how he will
serve us if nominated and elected, for
he has served us as a member of the
lower house of the legislature, and be
it said here and now that he refers
each and every voter to his record in
this official capacity as the basis of
his appeal for support. That in de-
bate and parliamentary skirmish he is
able to take care of himself and the
cause he is supporting is perhaps
most conclusively shown by his suc-
cessful leadership in the house of our
last legislature in the fight for the
temperance bills of county unit op-
tion and city district option, in which
he, with credit to himself and final
success to the bills, so far as the
house was concerned, measured abili-
ty in debate and strategy with such
seasoned leaders as John D. Taylor,
Frank Farris, Colonel Phelps, Hiram
Lloyd and others. Not only is Mr.
Craig willing and able to give effect-

ive support to those measures which
he favors, but what is of equal im-
portance his record shows that he is
"always on the job" and to be de-
pended upon to be in the right place
at the right time. He believes that to
be absent when measures are being
disposed of is just as fatal to good
legislation as to be in active opposi-
tion thereto.

Now, what more can the people of
this senatorial district expect or de-
sire in the make-up of their state sen-
ator than are combined in Mr. Craig?
What better combination than natu-
ral inclination toward right with ag-
gressive ability to discern and pro-
mote right supplemented with a nat-
ural sympathy with and interest in
the welfare of the one great farming
industry of the district born of being
one of those engaged therein. And it
is quite impossible to separate the in-
terests of all lines of legitimate busi-
ness found in this district from the
agricultural interests.

Closed Up Business at Meeting.

The Ladies' Aid society of the M. E.
church, South, held a short business
session at the home of Mrs. Alva Maul
Tuesday afternoon. The meeting was
presided over by Mrs. H. K. Taylor,
the vice president, in the absence of
Mrs. W. J. Parvin. There was a
large attendance of the membership.
No new business was taken up and all
old business matters on hand were
settled and put out of the way. A
splendid social time was spent and the
hostess, assisted by her aunt, Mrs.
Lydia Wilkerson, served delightful re-
freshments.

Bellows-Honnold Party.

Mrs. George P. Bellows and her
mother, Mrs. M. J. Honnold, enter-
tained seventy-five guests with a do-
mino party Tuesday afternoon, and en-
tertained the same number of guests
Wednesday afternoon. A color scheme
of white and lavender was carried out
in every detail of the decorative idea
and refreshment service. White carna-
tions, white and lavender gladiolas,
ferns and roses were the flowers. The
hostesses were assisted by Mrs. C. D.
Bellows and Mrs. H. L. Baines, who
served the lunch. Miss Mary Ogden,
Miss Della Grems in the library and Miss Nellie
Douglas and Miss Mildred Bellows up-
stairs. Punch was poured by Mrs. C.
Corwin, who was assisted by Miss
Lorene Schumacher, Miss Rose Schu-
macher, Miss LaRue Kemp and Miss
Clara Sturm.

Planned for Work at Dinner.

Mr. and Mrs. Anderson Craig en-
tertained the teachers of the Baptist
church Sunday school, of which Mr.
Craig is superintendent, at 6 o'clock
dinner Tuesday evening. Covers were
laid for the twelve teachers of the
school, who are Mr. Herman W. Hull,
Mr. F. W. Olney, Professor E. L. Har-
rington, Mrs. Harry Miller, Mrs. M. H.
Borrsch, Mrs. J. H. Anderson, Mrs.
Gay Leeper, Miss Mary Ogden, Miss
Myra Hull, Miss Ada Albert, Miss
Katherine Helwig and the host. Mrs.
Craig was assisted by Mrs. Amanda
Lewis. The table was attractively
decorated in cherries. The fruit and
its foliage made a beautiful center-
piece, while miniature cherry trees
were at the places, on which were tied
the place cards with red ribbons. Each
place card contained a question on

some phase of the work of the Sun-
day school that was the subject of an
after-dinner speech for each one. The
questions brought out so many good
things that the general discussion that
followed lasted until a late hour, and
it was a most profitable dinner party.

Married by Rev. Fr. Niemann.

Miss Chloe Masters, daughter of
Mrs. Samuel Masters, and Mr. John J.
Wells, Jr., son of Mr. and Mrs. John
J. Wells, Sr., of this city, were married
in the parlors of St. Patrick's church
parsonage Wednesday morning at 6
o'clock, by Rev. Fr. Niemann. Mr.
Wells and his bride left in an auto-
mobile after the ceremony for Arkoe,
where they took the Burlington train
for St. Joseph. They are supposed to
have gone to Omaha on their honey-
moon. They succeeded in eluding a
party of their friends who had gath-
ered at the train to see them off prop-
erly. The time of their return to
Maryville is not known. Mr. Wells is
in the employ of the Curfman Bros.,
lumber dealers. They will make their
home in this city.

Attending the bride and groom at
their marriage were Miss Nelle Al-
kire and Mr. James Murphy.

ARMY AVIATORS DASH TO DEATH

Professional Flier, With Passenger, Had Started Altitude Test.

DROPPED ONLY THIRTY FEET

Were to Go Up 2,000 Feet in Ten Minutes, Completing Last of Government Requirements for Machine.

Washington, June 12.—Lieut. Leighton W. Hazlehurst, Jr., 26 years old, a promising young army aviator, and A. L. Welsh, a professional flier, were killed at College Park, Md., at 6:30 p. m.

After several flights in a new biplane Welsh announced at 6:15 o'clock that he intended going up for 2,000 feet in ten minutes, passing the last of ten requirements asked of the machine by the war department. With Lieut. Hazlehurst as his passenger Welsh climbed in and off the machine shot. They climbed rapidly on the first circle of the field, but when at the north end, making a turn, and only 30 feet high, the biplane pitched forward and dashed to earth.

When the soldiers, with Surgeon John Kelly, arrived, it was found that both men were dead. Welsh's skull was crushed and Lieut. Hazlehurst's neck was broken.

Chance Saved Another.

A strange coincidence happened just an hour before the accident occurred. Lieut. Hazlehurst desired to go into the city early and asked Capt. Frederick F. Hennessy if he would take his place with Welsh. Capt. Hennessy agreed, but just as Welsh had the biplane run out of its hangar Lieut. Milling, who is instructing Capt. Hennessy, called him to get into another machine. Lieut. Hazlehurst crawled into the Wright machine only to meet death a few moments later.

The last test to be made was with 450 pounds on board besides the gasoline, oil and water. The machine was weighed down with 125 pounds of gun shot. Mr. Welsh weighed 150 pounds and Hazlehurst weighed 182. The machine carried fuel enough for a two-hour flight.

Third Air Death in Army.

The double death of Welsh and Hazlehurst is the first severe accident that has happened at the army aviation school. The death of Lieut. Hazlehurst is the third that has occurred among the aviators of the United States army. Lieut. Selfridge, who was killed at Fort Meyer, Va., in September, 1908, was the first and Lieut. John Kelly, killed at San Antonio, in March, 1911, was the second.

LONE BOY A MEXICAN REFUGEE

Fifteen-Year-Old Lad Worked His Way Alone to Fort Worth, Tex. —Will be Assisted.

Fort Worth, Tex., June 12.—When Humane Officer Wheeler accosted a 15-year-old boy at the "Katy" railroad station here, he supposed he had found a runaway. Instead he discovered a brave little American refugee from Mexico who had been working his way to relatives in Kansas City. The boy is Robert Borron. Two months ago he left his home in Mexico, devastated by the rebels, to seek some means of bringing his mother and brothers out of the war-ridden country.

Robert has earned his way from Montemorelos, State of Nuevo Leon, up through Texas, by way of Brownsville and Houston. His story is corroborated by letters in his possession from his mother.

The humane society here sent word to the lad's mother of his safe arrival here and will assist him to reach Kansas City.

VOLCANO DESTROYED CROPS

ASHES KILLED FISH AND POLLUTED WATER.

Pestilence Threatens Survivors of Disaster—Details Not Available —500 Are Saved.

Seattle, Wash., June 12.—The arrival of the tug Printer at Seward, Alaska, with dispatches from Kodiak, gave the first authentic details of the condition of Kodiak and the adjoining islands which were buried under more than a foot of ashes from Katmai volcano.

A message from Capt. Perry of the revenue cutter Manning, which afforded refuge to the 500 inhabitants of Kodiak and the nearby villages of St. Paul and St. Meridan expressed fear for the safety of those in settlements near the volcano.

The people on the island who survived the hail of hot ashes and stones are confronted with the serious problem of obtaining water and food. All the crops were destroyed and the fish upon which many depended for food were killed, resulting in the pollution of the water supply to such an extent that there is great danger of pestilence.

Steamers and tugs of every sort are hurrying to the island from the towns on the mainland to give relief.

The destruction of the wireless station at Kodiak and the inability of the Manning's wireless to communicate with the naval station at Cordova makes it difficult to get news to Seward, the nearest cable office, and it probably will be many days before details of the disaster are available.

Seattle, Wash., June 12.—The ashes that are still falling in Fairbanks, Alaska, and Dawson, Yukon territory, in the Yukon valley, far from the coast, are believed to have come from a new volcano center in the Alaska range.

Persons arriving at Fairbanks from the Mount Hayes country, and who had not been informed of the outbreak in the Aleutian range, reported cannonading as of a volcano in the vicinity of Mount Hayes. These sounds could not have been blown from the coast.

HAVANA FEARS INTERVENTION

To Avoid Possible Disorder, American Sailors Were Refused Shore Leave in Cuba.

Havana, June 12.—Fearing that disorder might follow the appearance of American bluejackets in the streets of Havana, Rear Admiral Osterhaus instructed officers of the Washington and Rhode Island not to grant shore leave to the crews.

The city is tranquil, but there is no enthusiasm over the advent of the American soldiers, the Cubans feeling generally that their coming is a forerunner of intervention, despite the attitude taken by Washington.

English Cabinet Discusses Strike.

London, June 12.—The government was called upon again to consider the labor unrest in the United Kingdom. The cabinet was convened to discuss the maritime situation resulting from the strike of the transport workers. There are about 200,000 members of this union, and about 60,000 members of the Firemen's and Seamen's union of work.

Italy to Occupy Leames.

Rome, June 12.—The Italian war fleet in the Aegean sea is getting ready to occupy Leames, one of the biggest and most important islands in the archipelago, according to dispatches received from the Italian commander. The Turkish garrison capitulated upon the arrival of the Italian fleet.

PUTS AN END TO COMMERCE COURT

Senate Votes to Abolish "Tribunal of Big Business."

ARCHBALD CASE CAUSED ACTION

Only Signature of President Taft Now Necessary to Close Business of New Tribunal Organized But Two Years Ago.

Washington, June 12.—Only the signature of President Taft now is required to abolish the commerce court. The legislating out of existence of that tribunal, created only two years ago and which the supreme court of the United States recently declared had exceeded its powers, was determined upon when the senate, by a vote of 36 to 23, defeated an amendment to make provision for maintaining the court.

By this vote the senate reversed its appropriation committee, which had recommended the adoption of the amendment. This put both houses of congress in accord on the matter of abolishing the court. There is a possibility, it was asserted in official circles, that President Taft would veto the bill.

Archbald Case the Cause.

The house investigation of Judge Robert W. Archbald, which may result in impeachment proceedings, probably was the deciding blow at the commerce court. It is alleged that the commerce justice is interested in the ownership of coal refuse as a silent partner and used the fact that railroad cases involving the selling company were to come before his court.

Senator Ashurst of Arizona has declared that the case provides justification of the recall of judges.

So many of the decisions of the commerce court have reversed the rulings of the interstate commerce commission that it has been called "the tribunal of big business."

Judges May be Dropped.

Of the vote cast in opposition to the court, 26 were by Democrats and the remaining ten by Republicans.

Senator Thornton of Louisiana was the only Democrat who voted for continuance of the court.

The court is composed of five judges who would be dispersed and take up their duties as members of the circuit courts of appeal, if they are not dropped out of office altogether as proposed by some senators. The court's elaborate quarters here were furnished at considerable expense. The cases heretofore passed upon by the commerce court, which involved only railroad litigation on appeal from decisions of the interstate commerce commission, again would be handled by the United States district courts.

MEET TO DISCUSS SOCIOLOGY

Thirty-Ninth Annual Conference of Charities and Correction Opens at Cleveland.

Cleveland, O., June 12.—Matters of national sociological importance are being discussed at the thirty-ninth annual conference of Charities and Correction, which met in this city today. Among these are sex hygiene, children, families and neighborhoods, courts and prisons, public administration and supervision, immigration, standards of living and labor, and the relation of medical and social work.

Each of these subjects has been investigated by conference committees and reports, which will be extensively discussed, have been prepared for presentation before delegates. The report on immigration was made today. That on standards of living and labor is scheduled for tomorrow; public supervision and administration and housing and recreation, June 14, and on courts and prisons June 15. Sunday will be given over to religious exercises in the morning and a discussion of the committee report on children in the afternoon. On Monday the conference delegates will discuss the committee report on the relations of medical and social work; on Tuesday, June 18, families and neighborhoods, and on Wednesday, June 19, sex hygiene.

DEMOCRATS EXPECT NO TROUBLE

Leaders Say Few Contests to be Decided Will be Settled in Few Hours Without Friction.

Baltimore, June 12.—The contests to be decided by the Democratic national committee the day before the Baltimore convention are expected to be settled within a few hours, although the committee has not determined how much time it will allow each side for the submission of cases. Josephus Daniels, national committeeman from North Carolina, said the few points controverted would cause no friction in their disposition.

Condemned Man Tried Murder.

Washington, Pa., June 12.—With only a few hours to live, Jan Ribarik, condemned to die on the gallows, attempted to add another to the list of his victims, by trying to strangle his daughter when she appeared at his cell to bid him good-by.

Colorado is a Wonderful Place for Children

I don't know any other place where children are so benefited from a few weeks of outdoor life, as they are in Colorado. The summer life out there is about as ideal as can be imagined, and you can live there nowadays so comfortably, and at such moderate cost. There are scores of nice, clean, wholesome boarding houses and ranch houses in Colorado where the rates are from \$10 to \$15 a week, and where you can live well and comfortably. Then, of course, there are elaborate, modern hotels for those who require more.

If you know of anyone who is going to Colorado, ask them to come in and get a copy of our folder, telling all about where to go, what to see, etc. It is easy to go to Colorado—only one night on the road—and the trains are so comfortable and modern that the trip out and back is really a great part of the pleasure of it all.

YOUR GRAY HAIRS QUICKLY VANISH

Harmless Remedy, Made from Garden Sage, Restores Color to Gray Hair.

A feeling of sadness accompanies the discovery of the first gray hairs which unfortunately are looked upon as heralds of advancing age. Gray hair, however, handsome it may be, makes a person look old. We all know the advantages of being young. Aside from the good impression a youthful appearance makes on others, simply knowing that you are "looking fit" gives one courage to undertake and accomplish things. So why suffer the handicap of looking old on account of gray hairs, when a simple remedy will give your hair youthful color and beauty in a few days' time? Most people know that common garden sage acts as a color restorer and scalp tonic as well. Our grandmothers used a "Sage Tea" for keeping their hair dark, soft and luxuriant. In Wirth's Sage and Sulphur Hair Remedy we have an ideal preparation of Sage, combined with Sulphur and other valuable remedies for dandruff, itching scalp and thin, weak hair that is split at the ends or constantly coming out. A few applications of this valuable remedy will bring back the color, and in a short time it will remove every trace of dandruff and greatly improve the growth and appearance of the hair. Get a fifty cent bottle from your druggist today, and notice the difference in your hair after a few days' treatment. All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented. Special Agent, Koch Pharmacy.

STORY OF STATE'S WITNESS CHANGED

Sensation in Darrow Trial Furnished by Hotel Clerk.

DARROW TRIED TO SUPPRESS HIM

Later Contradicts His Own Story—Said He Had Never Been Subpoenaed by Prosecutor.

Los Angeles, June 12.—The usual daily sensation of the Darrow trial was furnished by F. D. Diekelman, now a San Francisco hotel clerk, and a former prospective witness at the McNamara trial, who was alleged to have been spirited away by agents of the McNamara defense while waiting that trial.

Diekelman's story on direct examination tended to show that Mr. Darrow had been the directing hand in what seemed to have been flagrant corruption of an important witness for the McNamara prosecution.

Changes His Story. On cross-examination the most important fact brought out was that the witness had not been subpoenaed by the prosecution when taken in charge by the defense; that he was out of the jurisdiction of the California courts at the time, and that in his affidavit to District Attorney Fredericks, prior to leaving Los Angeles, Diekelman had not positively identified James B. McNamara as the J. B. Brice who had registered in the Los Angeles hotel in which the witness was employed.

Diekelman also said on cross-examination that the money given him by Bert Hammerstrom was to be used if he desired to return to Los Angeles from Chicago, whence Hammerstrom had persuaded him to go from Albuquerque, N. M., and that in all he had received \$100 for his car fare and \$30 to pay his expenses for a week in Chicago.

Had Not Been Hidden. The defense also drew from him the statement that he had not been concealed by McNamara agents in Chicago. He said he had been taken openly by Hammerstrom to the office of former Mayor Edward F. Dunne, who, he said, assured him that Hammerstrom was a brother-in-law of Clarence S. Darrow. After his first meeting with Edward N. Nockels, the Chicago labor leader, whom he was told by Hammerstrom would "take charge" of him while in that city, the witness said that he did not hold any other conversation with Nockels.

The injection of Nockels' name in the case attracted considerable attention, owing to the fact that he had visited Los Angeles shortly before the McNamara brothers, confessed, as the supposed personal representative of Samuel Gompers, president of the American Federation of Labor.

NATURAL GAS IS UNRELIABLE

St. Joseph Utilities Commission Considers Barring Deceptive Fuel From City.

St. Joseph, Mo., June 12.—It was announced at the meeting of the public utilities commission that it would take up the local gas situation next Saturday and that possibly an order would be made barring natural gas out of St. Joseph.

"It isn't right to have the people keep on depending on natural gas for fuel and light when it gives out every time the weather turns cool," said a member of the commission.

K. M. Mitchell, general manager of the St. Joseph Gas company, has been cited to appear before the board at the meeting Saturday.

Mr. and Mrs. R. G. Sanders and daughter went to St. Joseph Tuesday evening and visited until Wednesday noon with Mr. Sanders' parents, Mr. and Mrs. W. J. Sanders.

Misses Bessie and Daisey Allen returned Wednesday noon from a visit since Friday with the family of their uncle, Dr. G. C. Trusty, at Burlington Junction.

C. B. Hugley of Columbia, formerly connected with the Normal school, was in Maryville Wednesday on business.

Mrs. G. W. Hobbs, Miss Ethel Archer and Miss Annie Wirth of Clyde were shopping in Maryville Tuesday.

Miss Mabel Simmons of Grant City, who has been attending the State Normal, went to her home Tuesday.

Miss Lillie Sabens of Jameson, Mo., who has been visiting State Normal friends, returned home Wednesday.

Mrs. G. L. Purcell of Conception is visiting her parents, Mr. and Mrs. G. W. Swinford, of this city Tuesday.

Mrs. Margaret Houston of Pickering spent Wednesday in the city with her niece, Mrs. Albert Gordon.

A marriage license was issued Tuesday evening to John J. Wells and Miss Chloe Masters of Maryville.

DRAGGING THE RIVER FOR BODY

A dispatch from Villisca, Ia., at press time this afternoon states that no arrests had as yet been made in the Moore murder case, and that a posse was dragging the river in hope of finding the body of the murderer, who probably committed suicide after committing the awful crime. The bloodhounds had traced the scent down to the Nodaway river several times but had been unable to go on.

The funeral services of the eight people murdered were held Wednesday at Villisca in a park. It is estimated that a crowd of 10,000 people were present. Every minister of the city took part in the services.
